## How to Use This Guide

---

The New York Public Interest Index is intended to be a starting point for a search for summer, pro bono, or postgraduate positions in the New York metropolitan area. It lists examples of public interest and government organizations, divided according to practice area, with accompanying website information. (Note that an organization may only be listed under one subject even if it practices in more than one area.) The Index should be used in conjunction with other job search resources, such as [PSJD.org](https://www.psjd.org) or the Arizona Government Honors and Internship Handbook. For current contact information and specific information about each organization and government office on the list, please visit their websites.

Inclusion in this list does not indicate an endorsement of the organization or its work by Columbia Law School or the [Office of Public Interest/Public Service Law and Careers](#). Nor does it indicate that the organization currently has openings.

In addition, inclusion on this list does not indicate that a position will be eligible for Columbia's [Columbia Summer Funding Program \(CSF\)](#), the [Human Rights Internship Program \(HRIP\)](#), or [Loan Repayment Assistance Program \(LRAP\)](#). For further information on these programs, and to determine GSF or HRIP eligibility, please consult our website or speak to an SJI adviser. For information about LRAP eligibility, please review the LRAP materials on the [Columbia Law School website](#) and consult Columbia Law School's [Office of Financial Aid](#).
