

Refine

Refine your interests, goals, and skills

- Continue exploring interests (through events and networking) to narrow job targets
- Meet with SJI to solidify career goals
- Take courses that show interest in the practice area you will pursue
- Use clinics and pro bono to hone skills needed for target jobs

Nurture your Network

Foster professional relationships

- Build a circle of faculty, alumni, supervisors, and others who can help your job search
- Keep ties with professors and supervisors from earlier in law school
- Consider informational interviews with organizations of interest

Secure a Job

Be informed and prepared

- Meet with SJI regularly
- Know your options: fellowships, staff attorney jobs, gov. honors programs
- Attend EJW and OCI
- Prep applications early
- Think about financing/LRAP
